

Consulting for HRMS in Karnataka

GCS consultants were involved in providing consulting support to the World Bank for implementing an HRMS system for the Government of Karnataka. The assignment involved supporting the government in the requirements analysis, solution architecting, bid process management and selection of the final vendor. During the implementation GCS consultant was involved in the supervision and audit of the project. The GCS consultants were part of the World Bank Mission to evaluate the project from time to time. The Project has been successfully implemented and is currently being used by Government of Karnataka.
